One of the biggest audiences
ever to attend a program of enter-
tainment was present Friday eve-
ning at the concluding feature of
the 84th reunion of the co-ordi-
nated bodies of the Valley of New
Castle Consistory, A. A. S. R., the
big entertainment program in the
Cathedral.

The conferring of degrees for
the large class of candidates,
which numbered close to 400, was
concluded Friday afternoon. Fri-
day was ladies' day and the wives
of the class members were special
guests during the afternoon at a
reception, tea and entertainment
at the Field club, which was pre-
sided over by Mrs. C. Merle Rais-
ley, wife of the commander-in-
chief, as general chairman. Mrs.
John E. Elliott was chairman of
the tea committee. Mrs. Charles
F. Morrow had charge of registra-
tion. Mrs. W. Earl Leslie, re-
ception, and Mrs. Louis A. Pear-
son, entertainment.

Dinner Served to 1,500
Mr. and Mrs. Gordon M. Alm-
stead, of Philadelphia, presented
a group of lovely vocal numbers
during the afternoon.

Dinner was served to 1,500
members and wives at six o'clock,
followed by the program of en-
tertainment in the auditorium,
when close to 3,500 were present.
Frederic M. Alexander, chairman
of the entertainment committee,
welcomed the guests and intro-
duced Commander-in-Chief C.
Merle Raisley, who expressed his
gratification at the fine atten-
dance and interest of the members
during the reunion.

He in turn introduced Louis A.
Pearson, who presented Dr. I. Q.,
famous radio entertainer, and his
master-of-ceremonies, Allan B.
Anthony, who by the way, is a
native of Meadville.

Then followed an hour of fun,
as the doctor quizzed members
of the audience with questions,
some tricky and some legitimate,
with local Consistory members serving
as his aides.

Leads Group Singing
Group singing, led by David W.
Rees, chorister of the Consist-
ory, accompanied by Ernest E.
Brantletter at the organ, along
with movie shorts, helped fill in
the period of waiting as the crowd
assembled.

Following the quiz program Mr.
and Mrs. Gordon M. Almstead
entertained with a program of vocal
numbers. No strangers to Consist-

Sunday is Father's Day, and as
such will get a lot of attention in
many homes in New Castle and
Lawrence county.

Some wheat fields over the
county seem to be almost ready
for harvest.

Many former members of the
Neshannock Presbyterian church
at New Wilmington, from points
distant are in New Wilmington to-
day for the concluding features
of the sesqui celebration of the
congregation.

New Castle got a few showers on
Friday that will be of great aid
to parched lawns and gardens.
This area, however, has not had
any of the heavy storms that have
visited nearby communities in the
past week or so.

With the huge crowd in atten-
dance at the program at the Cath-
edral last night, probably a new
parking record for autos in the
North Hill district was established.
Autos were parked for many
blocks in all directions from the
Cathedral building.

Report U.S. Queried On
Defense Of Hong Kong

LONDON, June 18.—(INS)—
London diplomatic sources said to-
day that Britain has queried the
United States on its willingness to
help defend Hong Kong from Chi-
nese Communists.

(The Communist radio in Pei-
ping reported that a new offensive
is underway against Nationalist
positions in Central China. The
Communists claim that 10,000
government troops have been slain
in a three-day battle in Shensi
province, almost 1,000 miles north-
west of Hong Kong.)

Foreign Secretary Bevin has re-
portedly told the U.S. State de-
partment that Hong Kong is a
valuable international port as well
as British territory.

Defense Discussed

The defense of the Far East
Crown colony is said to have been
discussed at Paris by Bevin and
U. S. Secretary of State Acheson,
after British Minister of Defense
A. V. Alexander visited the island
city.

Acheson is believed to have re-
ferred the matter to Washington.
The British foreign office re-
portedly thinks that other nations
using Hong Kong as a trading post
should consider sharing the de-
fense of the crown colony in some
way.

The British cabinet has decided
that the colony shall be defended
against any invasion threat, re-
gardless of the help other coun-
tries may give.

Informed sources say that Brit-
ain wants economic help to bol-
ster the Hong Kong defenses. The
British army garrison in the
Crown colony has been reinforced
since the fall of Shanghai.

Ask Israel To
Take Back Some
Arab Refugees

WASHINGTON, June 18.—(INS)—
The United States is asking Is-
rael today to take back some Arab
refugees from the Palestine war
in order to break a deadlock in
peace negotiations.

No figure has been mentioned,
but the number is expected to be
well over 200,000.

The American proposal covers
only those Arabs who would ac-
cept a United Nations requirement
that they express willingness to
live at peace with their neighbors.

It is opposed to any condition
that would require further terri-
torial concessions to Israel in re-
turn for the Arabs to return to
their homes.

Mark Ethridge, returned United
States member of the U.N. Con-
ciliation Commission, meeting in
Lausanne, Switzerland, has re-
ported to the State Department
that the refugee problem is the
nub of current difficulties in bring-
ing about a Holy Land peace.

It was reported that Dish failed
to heed a stop sign at the intersec-

COLORADO SPRINGS, Colo.,
June 18.—(INS)—The vanguard
of state governors and their staffs
gathered today for the 41st annual ses-
sion of the governors' conference.

The parley which gives the gov-

Wool Producers
Will Have Pool

Annual Pool Will Be Con-
ducted Here Last Week
In June, It Is An-
nounced

NO INCREASE IN
AMOUNT EXPECTED

Members of the Lawrence County
Cooperative Wool Growers Asso-
ciation will conduct their annual
wool pool here and in Butler dur-
ing the last week of June, it was
announced today by officers of the
association.

Pooling in New Castle will take
place on Tuesday and Wednesday
for growers in Lawrence and Bea-
ver counties. Butler county grow-
ers will bring in their wool on
Monday between 8 a.m. and 3:30
p.m. It will be received at the
B. and O. freight station there.

The hours for Tuesday are 7:30
a.m. to 4 p.m., when growers from
North Beaver township and Bea-
ver county have been asked to
bring in their wool. Wednesday,
the pooling hours are from 7:30
a.m. to 2 p.m. for all other resi-
dents of the county, and those
from the other districts unable to
bring theirs in on the appointed
days.

W. B. Connell, sheep and wool
expert of Penn State College, will
be on hand to assist the officers
of the association and the county
agents, in grading and weighing
the wool.

The wool will be purchased by
the Commodity Credit Corporation
as in past years. No increase in
the amount is expected this year,
due to the mild winter and the
fact that fewer farmers are raising
sheep. All wools must be delivered
to the drying point in good condi-
tion—dry, clean and tied with
paper twine. Untied wools and
fleeces containing manure locks
will be subject to discount. Fleeces
tied with binder twine will be
graded as rejections. Wet wool
will be refused, it is stated.

Two Bandits Are
Shot To Death

OMAHA, June 18.—(INS)—Ne-
braska authorities turned over to
the FBI today fingerprints of two
unidentified bandits who were
killed in a gun fight at a country
road block last night as they fled
with \$75,000 in stolen diamonds.

Colfax county Sheriff Ed. Pa-
tch, of Schuyler, Neb., was
wounded in both hands by a .38-
caliber bullet as he shot it out with
the bandits from a dirt bank bar-
ricade near Howells, Neb., 80
miles northwest of Omaha.

Woman's Murder
Baffles Police
In Los Angeles

LOS ANGELES, June 18.—(INS)—
The garroting of a pretty brun-
ette mother by a sex psychopath
with "dark curly hair" who later
mutilated her body baffled Los An-
geles police today.

Authorities studied and analyzed
what meager clues they had in an
effort to learn the identity of the
savage killer of incredible strength
who murdered Louise Springer,
28-year-old beauty operator.

Eleven scudged fingerprints
found on the woman's car, a small
tree branch used to mutilate the
lower part of her body and a sash
cord used in the garroting were
sent to the police laboratory.

The cord was looped so tightly
around Mrs. Springer's neck that
the noose was only two and five-
eighths inches in diameter.

The body of the mother of a 22-
months-old son was discovered
Thursday in her convertible auto-
mobile. She vanished Monday
while her husband went to get her
eyeglasses which she had left in
the department store where she
worked.

LOSSES \$500
FARRELL, Pa., June 18.—(INS)—
An unemployed Farrell woman
lost \$500 to a slick "confidence"
man who lured her with the prom-
ise of a job.

The woman told police that she
posted the money as a bond after
the con man hired her to work in
a nearby Sharon bank.

When she opened the envelope,
supposed to contain her bond, it
was filled with old papers.

Atomic Probe
Makes Study Of
People Cleared

Will Study Reports That Many
Were Improperly Cleared
For Atomic Secrets

WASHINGTON, June 18.—(INS)—
The congressional atomic probe
is expected to move behind closed
doors next week to study reports
that scores of persons were im-
properly cleared for atomic se-
crets.

The chief accuser of Atomic En-
ergy Chairman David E. Lilienthal
said he hopes to wind up public
hearings on his "incredible mis-
management" charges shortly.

The Congressional Atomic En-
ergy committee will then go into
closed meetings to hear secret evi-
dence that individuals with "de-
rogatory information" in their re-
cords were given access to restricted
data.

Sen. Hickenlooper (R-Iowa), who
made the accusations against Lilien-
thal, indicated that he will air
these clearances on the Senate
floor if the committee fails to
make what he considers a suffi-
cient report on them.

Big Four Parley Will
Be Resumed Monday

PARIS, June 18.—(INS)—West-
ern experts today drew up final
strategy for the Paris Foreign Min-
isters Conference, amid cautious
hopes for a limited accord with
Russia on Berlin and Austria.

The Big Four meetings, in re-
cess today, resume on Sunday, and
will end with a plenary session on
Monday.

At the moment, only Soviet
Foreign Minister Andrei Vishinsky
and U.S. Secretary of State Dean
Acheson are in Paris. British
Foreign Secretary Ernest Bevin
and French Foreign Minister Rob-
ert Schuman flew to Luxembourg
to meet with Brussels Pact offi-
cials.

Schuman and Bevin are discuss-
ing coordination of the Western
European Union with the Atlantic
Pact—both prime targets of Mos-
cow's wrath.

Thousands Of
Troops Stand
Guard In Paris

By JOHN E. LEE
(N. S. Staff Correspondent)

PARIS, June 18.—Ceremonies
marking the ninth anniversary of
the French resistance movement
got off to a peaceful start in Paris
today, but 25,000 troops, guards
and soldiers stood ready for pos-
sible Communist-DeGaulleist vio-
lence.

No incidents were expected until
a mass meeting by the French peo-
ple's rally of DeGaulle and a rival
demonstration by the Communists
got underway. The concentration
of troops and police in anticipation
of rioting, was the biggest since the
labor disorders of fall, 1947.

Mayor Pierre DeGaulle, brother
of Gen. Charles DeGaulle, offici-
ated at rites for the Free French
war dead, placing a wreath on a
memorial monument. He also in-
augurated the newly-named Bir Ha-
keim bridge and rail station, which
were formerly Passy bridge and
Gare d'Orleans.

A mass for Gen. Jacques Leclerc,
commander of the 2nd French Arm-
ored division which freed Paris,
was held at the chapel of St. Louis
Des Invalides. The general's widow
and children and high government
officials including President Vin-
cent Auriol and Premier Henri
Queuille attended.

By 3 p. m., an estimated 6,000
Communists had gathered in the
park facing the city hall of the
14th Paris district.

Many platoons of helmeted po-
lice carrying gas masks inter-
spersed with Republican guards
with rifles and sidearms filled the
nearby streets.

Inside the park a carnival at-
mosphere prevailed, with the crowd
goodnaturedly donating coins to
Communist party workers carrying
tin collection cans.

Small Boy Shoots
Young Brother

ST. LOUIS, June 18.—(INS)—
A seven-year-old St. Louis boy
shot and killed his five-year-old
brother yesterday when the lat-
ter refused to play with him.

The victim, Richard Bognar, son
of Mr. and Mrs. Frank Bognar,
had been playing store with his
brother William, and tiring of the
game, refused to play.

William then told the boy "if
you quit (playing) I am going to
shoot you." He then took a .22-
caliber rifle from a closet, re-
moved it from a canvas wrapping,
pointed it at Richard and pulled
the trigger. The bullet struck the
boy in the chest.

Only Mrs. Bognar and the two
boys were in the flat at the time
of the shooting. The Bognars
have 11 children, 10 of whom live
at home.

Firemen Injured
In New York Blaze

NEW YORK, June 18.—(INS)—
Six firemen were injured today in
an explosion and fire in an uptown
Manhattan garage.

Officials said they had no im-
mediate report on the cause of the
blaze.

One of the injured was identi-
fied as Lt. Dallas of hook and
ladder company 22.

The scene of the fire was a two-
story brick building on the west
side.

Judith Coplon Leaving Court

WASHINGTON, D. C.—Judith Coplon, former Justice de-
partment employee now on trial for espionage, and her attorney Arch-
ibald Palmer leave court Friday afternoon following trial session.
Prosecution has completed its case and Miss Coplon is now telling
her side of the story as defense begins to present its case.

Judith Coplon
Will Take Stand
Again Monday

WASHINGTON, June 18.—(INS)—
Judith Coplon rested at her ho-
tel today for the final act in her
dramatic court battle against
charges that she stole vital secrets
for Russian spies.

The ex-government girl is ex-
pected to complete her own ver-
sion of the bizarre case and under-
go cross examination Monday
when the espionage trial enters
its ninth week.

In a grueling session on the
stand Friday, Miss Coplon told the
eight men and four women of the
jury:

Made Notes For Book
1. That she made notes on a
"top secret" Federal Bureau of In-
vestigation report on Russian spies
because she wanted to use them
in a "serio-comic" book she was
writing.

2. That another sheet of notes
found in her purse the night she
was arrested, was prepared and
carried to New York under direct
instructions from her justice de-
partment boss.

3. That Valentin Gubitchev, the
Russian engineer arrested with
her, suspected they were being
watched during their New York
meetings—but thought the watch-
ers were agents of NKVD (Soviet
secret police) not the FBI.

4. That FBI agents subjected
her to "terrifying" mistreatment
after her arrest, even having two
women employees "pull off" her
clothes to search her.

The girl also declared under
oath that she never had been dis-
gusted to her country, and knew
of no other country where she would
rather live.

The police at Cumberland re-
ported the river had already
reached the 17-foot flood stage
there, and that the water was still
rising.

No parts of Cumberland have
been inundated as yet, but offi-
cials were preparing for the worst
as a steady drizzle continued to
pelt the area.

3,000 Persons Cut Off
State police said a caravan of
six or eight loaded bread and
milk trucks were ready to set out
from Cumberland by a circuitous
route in an effort to reach Peters-
burg, some 60 miles to the south,
where some 3,000 persons are cut
off.

Red Cross officials said that
besides Petersburg and Moorefield,
Romney and Harman, W. Va., have
also been hard hit.

Telephone lines into the flooded
area were reported out of order,

World Wheat Agreement Is Now Ratified

WASHINGTON, June 18.—(INS)—President Truman's signature completes action by the United States in approving the 41-nation world wheat agreement.

Canada, the largest of the five exporting countries under the treaty has also ratified. But Belgium is the only one of 36 importing nations which thus far has indicated its intention to participate.

Between now and July 1, enough importers must ratify to represent 70 per cent of total guaranteed purchases under the treaty—450 million bushels. Otherwise the agreement is dead.

Acceptance of the pact by enough importing countries will assure the United States of an export market for 167 million bushels of wheat a year for the next four years.

UPPER POTOMAC FLOOD MOVING ON CUMBERLAND

(Continued from Page One)

of livestock and farm buildings were swept away.

Families Homeless

Several hundred families in the district were homeless.

The Romney waterworks was inundated, and the only drinking water which was available in the town was that which was stored in reservoirs. Mayor Blair Haines issued an appeal to preserve the drinking water.

Police said the river crested about 4 a. m. today and the worst apparently is over in the Petersburg-Moorefield area, where some 4½ inches of rain fell in a 24-hour period.

Red Cross disaster units have been dispatched to the area from Arlington, Va.

The only contact they have had with either town since yesterday, state troopers reported, has been with one radio-controlled car in Moorefield.

Trooper W. F. Bowley said both communities are completely inundated, except for one fairly high spot in Moorefield. He said all bridges along the river are under water as well as all roads. All telephone lines into the area are out of order.

No Bodies Recovered

Several persons have been reported missing, but police said no bodies have been recovered. Rescue efforts have been hampered by power and telephone line failures.

Torrential rain yesterday unleashed an avalanche of water in the north and south branches of the Potomac, which quickly inundated entire communities and swept away several small buildings.

Fears were expressed for vacationers and fishermen who had been attracted to the area by the opening of bass season today. Every effort was being made to contact residents in summer cottages in the flood area but their telephones either were out of order or the cottages did not have phones.

The flood was believed to have crested early this morning, but it reportedly hadn't subsided enough to permit extensive rescue efforts.

Police were said to have received distress calls from some 300 families, which were relayed to Washington. Red Cross rescue units were expected to arrive in the area sometime today.

Institution Bans Reports To Russia

PHILADELPHIA.—(INS)—The academy of natural sciences of Philadelphia has stopped sending its scientific publications to Russia, due to the Kremlin's "attitude of indifference."

Charles M. B. Cadwalader, president of the academy, said that before the war the academy would send Russia its annual reports on scientific proceedings and the findings of scientists working in Russian institutions.

But now, Cadwalader reports, none is being sent from abroad, and all efforts to renew the international exchange are proving futile.

P.R.P. Elects New Executives

Organization Is Divided Into Nine Areas; Executive Heads Are Elected

Discussion of the legislative activities completed during the past year took place at the executive meeting of the Petroleum Retailer of Pennsylvania, held all-day Friday at The Castleton.

Reorientation of the organization lines within the various counties of the state took place. Nine areas were divided and executive vice-presidents for the areas were elected: William Jarvie, of Erie; Howard Hess, of Homestead; and George Kane, of Cambria county.

The other six executive vice-presidents will be appointed within ten days by R. A. Wagner, Johnstown, Pa., president of the organization.

About 40 members throughout the state participated. During the program discussion, it was announced that at the legislative session next January, a bill will be submitted to the House, asking for a 2½ cent refund on gasoline tax to compensate the dealers for shrinkage and other unaccountable losses.

Instructions were issued to county chapters to assist in gathering evidence for a number of complaints filed by the other organizations. The organization is also seeking to strengthen the fire control laws in Pennsylvania, relative to gasoline stations.

Manufacturers of branded products were requested to establish a minimum retail prices on the principles of the Miller-Tidings Enabling act. The next meeting date was fixed on October 3, the place yet to be announced.

Thaddeus Stevens Reunion On Friday

Former Pupils Of East Side School Assemble In Cascade Park For Picnic Event

Threatening weather failed to dampen the spirits of former pupils of Thaddeus Stevens school who assembled Friday afternoon and evening at Cascade Park for their annual outing and period of fun and relaxation.

More than 200 of the pupils of yesterday gathered in the park to take part in the well planned festivities, which were in charge of Wesley Mann, president of the organization.

The group assembled in the grove for the first part of the activities, with numerous games and feats of sport enjoyed, with prizes being awarded. Following the serving of the bountiful picnic supper at six o'clock by the committee, the picnickers gathered at the site of the old fun house, where the merriment continued.

An especially fine program took place there, with a group of the smaller young people being heard in an excellent musical program. Vincent DeSantis entertained with a trumpet solo, as did John Carol on the clarinet. Another trumpet number followed by Kenneth Carr, with Angela and Philip Favara pleasing with an accordion and drum duet.

The barber shop chorus, under the direction of Dave Jones, highly pleased the group with their many renditions of the old-time favorites. The group joined in singing some of the numbers, concluding with "School Days."

Door prizes went to William Brooks, William Druschel, Elsie Walls, Harry Redmond, Hanna Gardner, Howard Reynolds, Richard Reynolds, while special prizes were given to Lola Parker, largest family; Lola Keane, longest distance; Isabel McKee, telephone call contest; Florence Black Thompson, married shortest time, and Mrs. Carrie Sines, married longest time.

Committee responsible for the success of the affair includes: Howard L. Reynolds, Paul M. McGaffie, Bertha Campbell, Olive Richards, Art McNicholls, Frank Norris, Francis Hammond, Humphrey Williams and Roy Zeigler.

The reunion was one of the most outstanding in recent years, being also featured by the address on opening day, June 14, with a flag day address by Ill. Edward Martin, 33, senator from Pennsylvania, and the attendance of a number of members of the supreme council, who were here to greet him.

At the class organization meeting Rev. R. Eugene Smith, of Johnstown, was elected president of the class; W. C. Russell, of Rochester, vice president, and Ross Sams, of Grove City, secretary and treasurer. The class chose the name of The Forty-Niners for their designation.

Russia Silent On Holding Of War Prisoners

Refuses To Discuss Failure To Release German Prisoners Of War

WASHINGTON, June 18.—(INS)—The State Department said that Russia has flatly refused to discuss its failure to release German prisoners of war held in the Soviet Union.

The Russian note, sent to Britain and France as well as to the United States, was received on June 4.

The three western powers had twice complained earlier to the Kremlin about its failure to send the Germans back to their homes. An agreement to do so by the end of 1948 was made at the foreign ministers conference in Moscow in April, 1947.

Last January, the State department charged in a note to Moscow that of 890,532 war prisoners admitted by Russia in early 1947, only 447,367 were known officially to have been repatriated.

There have been numerous reports that the German war prisoners were being used as forced labor.

The three western powers maintain that they completed their repatriation far in advance of the deadline.

In making public the text of the latest Russian note, the State department branded the document a "misrepresentation" because it attempts to blame the governments of the United States, Britain, and France for the Soviet failure to carry out its bargain. The note said:

"The Soviet government cannot agree with the arguments brought forth in the (United States) note

and the justification of the disruption by the governments of the U.S.A., Great Britain, and France of the preparation of a plan for repatriation of German war prisoners."

Ore Vein Found In Colorado

Small Mining Town Excited Over Thought Of Gold; Biggest Strike Found In Area

CRIPPLE CREEK, Colo., June 18.—(INS)—The bright lure of gold and promise of quick fortune has reawakened the sleepy mining town of Cripple Creek.

The roaring mining camp of the 1890's surged with excitement yesterday with the report of a strike, better than any previous discovery.

Word spread quickly through the town that a vein of gold ore, four feet seven inches wide had been hit in the front range mine, formerly the strong mine, which produced 30 million dollars in gold in by-gone years.

John Deeksen of Denver called the strike, made last Saturday, the biggest he could remember in the area.

He said the total wealth in the newly found strike could not be estimated until diamond drill operations are completed.

Said Deeksen: "The first sample we took out of the vein showed a gold content of 10.17 ounces per ton. A second sample showed a content of 15.46 ounces per ton. After that, we took samples across-vein and it showed a content of 6.99 ounces. A core sampling showed 71.20 ounces per ton. That's gold!"

The Strike river is the largest stream in southeastern Alaska, rising in the Bald mountains, British Columbia, flowing into the Gulf of Alaska after a course of about 500 miles.

Try And Stop Me

By BENNETT CERF

At a period when the Civil War was going badly for the North, and Secretary of War Edwin Stanton was in an extremely bad humor, the mother of a young private who had been sentenced to death for falling asleep on guard duty came to plead for clemency.

President Lincoln overheard Stanton dismissing the distraught woman in the most offhand manner, and reproved him with a remark that has become famous: "Don't be in such a hurry (Stanton) listen to any woman speaking for her son's life." Lincoln himself issued a full pardon for the boy.

The French savante, Madame de Staël, cared more for conversation than she did for places. "If it were not for respect for human opinions," she noted in her diary, "I would not open my window to see the Bay of Naples for the first time, whilst I would travel five hundred miles to talk with a man of genius."

BOYS AND PROTEIN
Football and basketball and gym use up a lot of energy. It takes a lot of gas to run a motor and it takes a lot of food to run a boy.

A motor does not grow any. When a connecting rod or a piston ring wears out, the motor is laid up for repairs or new parts.

A boy is growing all the time. He adds new parts without stopping. He needs protein to make these additions.

Milk, cheese, eggs and meat are our main providers of protein. Vegetables help the good cause along too.

Mom knows what it takes to make an all state full-back. She doesn't make much noise about it but she is right in there fighting all the time. Maybe you wouldn't call it fighting either. You may call it cooking if you want to.

ing her of air bases in Africa under friendly rule. Russia naturally opposes this idea and cherishes some hopes for access to bases conforming to her long-range plan to control the Mediterranean.

France wants Italian trusteeship, being in the African colonial business herself and fearful of the influence of freedom for the Italian colonies. Italy naturally wants full restoration, except professing a willingness to cede a portion of Eritrea to Ethiopia as reparations for the conquest of Libya.

Mussolini. The latter point, by the way, is the only one on which there is general agreement.

Our own policy in connection with these colonies is based largely on the theory that unless Italy is allowed to regain some measure of control of the major areas the Italian government will be discredited at home and the Communists be given a strong talking point. It is conceded also that there is dire need of outlets for Italy's overcrowded population as a means of helping economic recovery.

Our government is influenced by the fact that the great mass of Italian people entered the war unwillingly and upon our invasion joined us in fighting the Nazi invaders.

Demands By Egypt
Meanwhile Egypt is putting in demands for certain territory and the inhabitants of Libya are threatening revolt if Italian rule is restored. The Arab countries also are contesting the return of Italian control. In the United Nations Assembly, the Latin-American countries stand determined for restoration, the Soviet-satellite bloc for international trusteeship—with Russia retaining the veto power.

and the United States, France and Britain differing on the assignment of mandate authority.

This complex situation, of course, adds enormously to the difficulties of a final peace settlement, while holding up Italy's economic recovery and creating continued stress among the Italian people. If the various countries were qualified for independent self-government, the problem might be simplified. Unfortunately, this is not the fact. So there is no telling whether or not the issues involved will still be pending for another three, or four years.

Good Taste

By FRANCINE MARKEL

A LOW VOICE

"I have read much advice on cultivating a low voice—how that kind of voice is so admired. My difficulty lies in having too low a voice. It seems to me that loud-voiced people get along much better. What advice do you offer?"

Answer: Speak up! Evidently your low voice results from timidity—from lack of self-confidence in what you are saying. In acting so, you create uncertainty in the minds of your listeners. You will have to assert a little boldness and raise your voice if you bring it up from the timid "mousy" stage. When you have an inferiority complex, you give the impression, justifiably or not, of being inferior, making those around lack confidence in you.

You are correct. A low voice is admired by all. It indicates refinement and proper cultivation. But this lowness refers to pitch—talking from the throat rather than from the top of the head down through the nose. A murmur or whisperer is a great annoyance—impossible to understand.

Speak distinctly. Don't slur your sentences together. Take time to think before you speak and speak clearly. On the contrary, don't emphasize each word as if you are exercising tongue control.

Making your voice audible is merely developing proper enunciation and more volume. Keep your pitch low but put sufficient force behind your voice for it to make an impression on your listeners. When people have to strain to hear you, they will cease listening to you.

Question: To settle a difference of opinion, will you please advise whether or not it is proper for an aunt or any immediate relative to give a shower for the bride.

Answer: No, this is not correct.

Present your problems to Miss Markel who will promptly send personal replies to questions from readers, enclosing stamped, addressed envelopes.

B-36 Bomber Program Of U.S. Given Support

MONTGOMERY, Ala., June 18.—(INS)—Air Secretary Symington defended the B-36 Bomber program Friday as necessary to meet the "numerically superior" forces of communism.

Symington delivered a commencement day address at the air war college and staff school at Maxwell Air Force Base in Montgomery.

Without mentioning the B-36, except indirectly as an "intercontinental bomber (capable of carrying the atomic bomb)," Symington made clear that the big bomber forms "the core of our air offensive."

"We now recognize that even with total mobilization for war, the military forces of democracy would be much smaller numerically than the forces of communism."

"Therefore, in order to win, the military forces of democracy must be qualitatively superior and must be employed so as to make the most of that qualitative advantage."

Symington said that "recognition of this fact underlies the joint chiefs of staff's emergency staff plan calling for a powerful air offensive at the very outset of hostilities."

He continued:

"The strategic bombing elements of the air force are, therefore, primarily designed to destroy—at the

very outset of hostilities—the enemy's means of making, and supporting an attack against this nation and its allies."

One Source Of Threat
The air secretary declared that "there exists only one current source of threat to our national security, instead of multiple sources as in the past."

Later in his prepared address Symington named the "one threat" with a reference to the "numerical superiority" of communism. He also said:

"The core of our air offensive is the strategic bombing effort."

"Our national objective, of course, is to prevent war. But should we ever be committed again to war, we must make sure that the end of those hostilities leaves little likelihood that the enemy's military threat will soon rise again."

Phoenix-like, from the ashes. Symington by implication denied that the orders for 169 of the \$4,000,000 each B-36s has thrown the air force out of balance. He said:

"The group composition of the air force demonstrates that the air force knows a future war could be won only by the highest degree of teamwork among the Army, Navy and Air Force."

"Two-thirds of the regular air force groups are equipped primarily for air defense . . . upon mobilization (of reserves), more than 80 per cent of the air force would consist of groups primarily equipped for purposes other than strategic bombardment."

FARES TO INCREASE

HARRISBURG, June 18.—(INS)—Fare increases will become effective June 26 for patrons of the of the Rochester Motor Coach Company with the approval of the public commission.

The company, which estimated the new tariff will boost annual revenue \$49,429 a year, operates between Rochester, Ambridge, Laughlin's corners and Florence.

Increased operating costs forced the boost, the firm said. Five cent one-zone fares will be doubled except in Aliquippa, Monaca and Rochester where the higher rate now prevails; additional zone rides will cost five cents, according to the PUC.

An average vessel requires from nine to 12 hours to complete a trip through the Panama canal.

Hospital Purchase Near Pittsburgh Approved By Duff

Properties Purchased To Facilitate Development Of Mental Hospitals

HARRISBURG, June 18.—(INS)—Gov. James H. Duff's approval of the purchase of property adjacent to the Mayview and Woodville State Hospitals near Pittsburgh was announced Friday by the governor's office.

The \$2,542,900 necessary to purchase the land was allocated by the governor June 1, in line with an act of the General Assembly.

The purchase will include 36 buildings as well as more than 180 acres of land.

The purchase of these properties will greatly facilitate the development of these two mental hospitals as first class and outstanding mental institutions," according to a statement from the governor's office.

The commonwealth assumed control of both institutions in 1941 but during the interim the Allegheny county institution district exercised jurisdiction of alms house patients while the state supervised all persons mentally ill.

The agreement contains a provision authorizing sufficient time for the county institution district to develop facilities for patients remaining under its care.

Modern Submarines Larger And Faster

New Models Will Function More Effectively With Carriers And Planes

NEW LONDON, Conn., June 18.—(INS)—Navy Undersecretary Kimball told graduates of the U. S. Submarine school Friday that larger, faster and more complex undersea vessels are in prospect.

Kimball, in a prepared commencement day address, said "the employment of guided missiles (by submarines) will have a pronounced effect on their size," he continued.

"The modern, high-speed, deep-running submarine has far greater destructive and diverse operational potentialities than its predecessor."

"Besides being able to launch guided missiles, new-type submarines already in the development stage will function more closely and effectively with our carriers and planes."

"Improved communication systems will permit control of air combat patrols . . . in underwater sound, we have only scratched the surface."

Kimball said that in the last two wars submarines have destroyed more shipping than all other weapons combined, and that "we must never allow ourselves to forget this."

Maine enacted its first prohibition law in 1846 and made it a part of its state constitution in 1884.

Pottery Workers Battle Against Cheap Foreign Ware

EAST LIVERPOOL, O., June 18.—(INS)—Representatives of pottery union workers and industry executives formulated plans for a determined struggle against "cheap foreign ware" that has forced decreases in domestic production.

They will carry their battle to the State and War departments in Washington on Tuesday. Representatives from the glass industry, which also has been affected by foreign competition, also will be represented.

Delegates include Floyd W. McKee, Salem, O., president of the Manufacturers' association; Wilbert A. Betz, East Liverpool, secretary; Malcolm W. Thompson, East Liverpool Pottery executive; James M. Duffy, president of the National Brotherhood of Cooperative Pottery; and Joseph M. Wells, chairman of the Labor committee of the United States Pottery's association.

Summertime Is Now Baby's Safest Time

NEW YORK, June 18.—(INS)—Summertime, which 40 years ago took the heaviest toll of infant life, now is the safest time of the year for babies.

Dr. Louis I. Dublin, vice-president and statistician of the Metropolitan Life Insurance company said today that this favorable development is a direct result of the control achieved over diarrhea and enteritis, or "summer complaint" as it was known to mothers at the turn of the century.

In New York state, for example, Dr. Dublin said, the death rate from these diseases has dropped 95 per cent in four decades—from 32.9 per 1,000 live births in 1904-08 to 1.5 per 1,000 in 1944-46.

THE FAMILY SCRAPBOOK

By DR. ERNEST G. OSBORNE

Making Your Own Travel Books

If you or your youngsters are National Geographic readers and like to go back to your favorite articles again and again, here's a suggestion that may interest you.

For years now, I have collected second-hand copies of the magazine, taken out the stories of distant peoples or of travel adventure I like best and have had them bound together. Small-boat trips around the world, for instance have been especially interesting to me and I have a volume made up of accounts of such trips. The various articles that appear on natural history from time to time—birds, flowers, insects—also make up fine reference volumes. If one goes back far enough, a whole series of articles on Washington, D. C., can be bound together. These are but a few of the possibilities.

I like my homemade volumes bound permanently and have found that it doesn't cost too much to have them taken care of by one of the binderies that do work for the libraries. But the spring-back binders used to keep loose sheets together are very satisfactory, too. It's a satisfying hobby, this making your own travel books. Perhaps it could serve as a very good family project for you.

MISSIONARY CIRCLE PLANS BASKET PICNIC

Members of the Friendship Missionary circle of the Sampson Street Missionary Alliance church were entertained on Thursday evening in the home of Mrs. Charles Byler of 317 Diamond way with 35 members and guests present.

Devotions were led by Mrs. Herman Byler. Roll call was answered by each member quoting a verse of scripture.

The business session was in charge of Mrs. Byler. Two boxes were reported sent to Byron Smith in Frenchburg, Kentucky mountains. A letter was read by Mrs. Byler from S. G. McElwain, president of the women's work in the

Pittsburgh district, which stated the needs of some missionaries who were sailing to French Indo-China in October. Each member contributed a wash cloth to put in the missionary box.

Mrs. Edwin Johnson and Mrs. Allen Bunton gave a splendid duet, "Ready To Go, Ready To Stay," accompanied by Mrs. Eugene McEwen.

Miss Florence Brisbin, who spent many years as a missionary to India, gave an inspirational address, holding all in rapt attention as she related her experiences on the mission field. She placed emphasis on the concern of children in leading older members of the family to Christ.

A delicious lunch was served by the hostess, with Miss Josephine Cross, Mrs. Howard Thompson and Mrs. Herman Byler.

Next meeting on July 21 will take the form of a basket picnic at Cascade Park with husbands as guests.

VICTORIA COMPARONE WEDS A. LANDOLFI

Before an altar banked with flowers and ferns in St. Vitus church, Miss Victoria Comparone daughter of Mr. and Mrs. Frank Comparone of 1209 South Jefferson street, became the bride of Angelo Landolfi, son of Mr. and Mrs. Camillo Landolfi, 523 Division avenue, Ellwood City, Thursday morning at 9 o'clock.

Rev. Fr. Nicholas DeMita officiated at the nuptial mass, using the double ring ceremony in the presence of friends and relatives. Miss Helen Roscetti sang appropriate selections during the services.

Given in marriage by her father, the bride was lovely in a white marquisette-satin gown. It had a round neckline with marquisette yoke and long sleeves and fitted bodice. Her marquisette skirt, over taffeta, was daintily trimmed at either side with cascading ruffles of satin, which were edged with lace, and the skirt ended in a long train. Her fingertip veil fell from a sweetheart-shaped crown decorated with tiny ostrich plumes and she carried a white prayer book marked with an orchid and baby mum streamers.

Miss Mary Castrucci as maid of honor wore a soft-green marquisette-lace gown with fitted bodice and full skirt. She wore matching mitts and a fresh rose halo in her hair. Her bouquet was of talisman roses and white baby mums.

Miss Albena Chirumbolo and Mrs. Mildred Sgro, as bridesmaids, wore gowns of pale yellow, made similar to the maid of honor. They wore fresh roses in their hair and carried bouquets of talisman roses. Fred Mancino served as best man, and ushers were John Sgro and Jack Bellissimo.

A congratulatory period was

held at the church, and a wedding breakfast was served in the Unione Calabro hall. A wedding dinner was served at 1 o'clock at a suburban dining room on the New Wilmington road for the immediate families. In the evening, the reception was held at the King Humbert hall.

Mr. and Mrs. Landolfi departed on a motor eastern wedding trip and to Canada. They will return on June 25 and make their home in a newly furnished apartment at 523 Division avenue, Ellwood City.

Mrs. Landolfi is a graduate of New Castle senior high school class of 1943, was secretary to Attorney W. J. McElwain.

Mr. Landolfi, a graduate of Lincoln high school, Ellwood City, is a veteran of 40 months, having served in the European theatre of war. He is employed in the National Tube company office, Ellwood City.

Kandelite Klub Meets
Members of the Kandelite Klub met recently at the home of Mrs. Lillian Humphrey of Blunston avenue.

A business meeting was conducted. Games were played and a prize awarded to Mrs. Dorothy Santangelo. As it was the birthday of Mrs. Santangelo, she was honored by a hanky shower from the ladies.

Lunch was served by the hostess, assisted by Mrs. Josephine DeLorenzo.

On June 23 the club will meet at the home of Mrs. Connie Miron of Cedar street.

YOLANDA CARKITTO FETED AT SHOWER

Mrs. Albert Fortuna, of 116 West Garfield avenue, entertained a group of friends at a shower-Thursday evening, in honor of Miss Yolanda Carkitto, a bride elect of July 2.

The event was spent in an informal social time and at a late hour a delicious lunch was served at a table prettily appointed, with a tiered cake topped with a nose-gay of pink rose buds and encircled with baby pink rose buds as a centerpiece, flanked with tall white tapers entwined with pink rose buds. Places were marked with pastel colored parasol favors. The hostess was assisted by her mother, Mrs. James De Gennaro.

Mrs. John Carkitto and Joan Carkitto, mother and sister of the honoree, were special guests.

The guest of honor was then

showered with an array of lovely gifts of a miscellaneous nature.

Miss Carkitto, daughter of Mrs. John Carkitto and the late John Carkitto, of 115 West Moody avenue, will become the bride of Frank Di Raimo, son of Salvatore Di Raimo, of Erie, Pa., at an open church wedding, to be held, Saturday, July 2, at 10 a.m. in St. Mary's church, this city.

The bride elect has chosen Mrs. Albert Fortuna, of this city, to be her matron of honor and the Misses Jean Vanus, of this city, and Mary Louise Zaccaro, of Ellwood City, to be bridesmaids. Miss Joan Carkitto, sister of the bride elect, will act as junior bridesmaid.

The prospective groom has asked John De Palma, of Erie, to serve as

HERE AND THERE
IN SPORTS' LAND

ELKINS BROTHERS and **Arturo Godoy**, the latter a past figure, insofar as getting anywhere is concerned, are to fight June 27, in Washington, D. C., after which Elkins is supposed to fight here. Eight hundred hundred trout were stocked in the Little Neshannock creek yesterday. Notice of the shipment was received too late for publication Friday. George Watters, Willis McMullen and Wayne Sines fished Lake Erie, Thursday, as did "Pat" Patterson. All report successful catches. Reserve officers will use the ranges at the Lawrence County Sportsman's Association, Saturday and Sunday. Buffoonery of the Indianapolis class was enjoyed by the 3,304 fans and fanettes at the All-Stars game. A lot of home runs are being knocked in the City league, Bing Markey hit one with the bases loaded and Adams poked one with two on the paths for West Pittsburg, Thursday evening. The other four base clouters were J. McCullough and Rote of Croton, and Frank's Grille, respectively. Here and There had a hunch that something would turn up at Detroit to make Jake LaMotta champion. He told Harry Jones that "Detroit always has been a lucky city for Jake, and while Cerdan ought to win, he wouldn't be surprised if Jake, somehow or another, was returned winner" which he was by virtue of an accident. No doubt they'll fight again, as should be the case, in view of an accident being responsible for LaMotta winning the title. Jackie Lyons who is to fight Billy Pozza at Ellwood City in a Police benefit turned down an offer to box Elkins Brothers here, according to a letter Jackie's manager, Bunny Buntack wrote Here and There. No doubt the Ellwood City high school field will be jammed when Jackie and Pozza fight a second time, Lyons having outpointed the popular Ellwoodian here. Jack Herbert who life-guards at Miami during the winter, is taking charge of the bathers at the New Wilmington pool this summer. One of his feats in his younger days was to swim, hands and feet tied, across Conneaut Lake. Coon and Fox hunters will meet at the Elmer Brown residence, East Brook, at eight o'clock, Monday evening.

Jimmy Cypher fished from a boat dock at Lake Erie, and caught some nice bass. He put them on his stringer then moved. When he returned both stringer and fish were gone which recalls that when Gilmore Smith forgot his well-filled tackle-box on an Lake Erie lake pier, it was taken by someone who kept it. It's true, Eddie Weygant and Romeo Pacelli did fight in the Jolly bowl, during the fag end of Weygant's career, and incidentally speaking of Eddie, Billy Clark, his ever-present companion in the days of the 20's, had much to do with the success Weygant enjoyed. So far no progress is being made on the proposal to make a lake at the LCSA farm, near the Harbor. Among those who will see the Red Sox vs Indians clash at Cleveland, August 28, is Bo Sarko, Summer avenue, youngster. When the fish warden receives a notice to deposit fish in a certain stream, he must do so, according to Fish commission regulations. With good weather, Sunday games in the City pool will be well patronized. The Universal A. A. is giving West Pittsburg, a good chase, and talking of the Uni's, Len Gilbert, circuit president, said after the All-Stars were easily beaten 15-0, by the Indianapolis-Clowns, "I believe the Universals would have done better against the Clowns". He has a load of respect for the fast-second place team.

New Castle And Johnstown Open Two-Game Series Here Tonight

Frank Wagner Will Seek Ninth Victory

New Castle will meet the Johnstown Johnnies tonight at Flaherty Memorial Field in the first of a two-game series. The game starts at 8 o'clock, the Sunday game at 2:30 o'clock.

Frank Wagner the veteran right-hander, will attempt to revitalize the sagging Nats, who dropped four on their recent road trip to Vandergrift and Butler. Wagner will go after his ninth win of the year against but four reverses, all suffered in the early part of the season. Wagner has won six of his last seven starts.

Mongiello Injured
Manager Billy Mongiello who was seriously injured in the seventh inning at Butler last night will not be in the lineup for sometime, he stated this morning. Mongiello crashed into Butler catcher Bob Odenheimer at the plate trying to score on a double steal, and had to retire from the game.

The fourth place Johnstown club a little incensed at the treatment received here May 16, 17 and 18, when the Nats took all three games will be fighting mad tonight. Wagner holds a 5 to 1 win over the Johnnies here. He hopes to do the trick again tonight. Johnstown made it rough for the Nats at the Flood City.

Twin-Bill Monday
The Erie club will follow Johnstown here Monday for a twin-bill and Tuesday, for a single game. Mongiello announced today that Herb Churchill will go to the mound Sunday to face the Johnstownians.

The Nats have been tough to beat on their home field but have developed somewhat of a "road complex". They can't seem to hit a winning stride away from home.

New Half July 2
New Castle has 15 games to play yet in the first-half that ends July 1. With any kind of pitching help the Nats should finish within hailing distance of the first division or a "hot streak" could put them among the first four teams.

The Nats have nine games at home left in the first-half.

Anderson Reports
The teams will start a new standing on July 2. The first-half winner to meet the second-half winner, for the Mid-Atlantic championship.

Adolph Anderson, a big left-hander, reported to Manager Mongiello today, and will likely see service over the week-end. He was picked up recently by the Washington scouts in Pawtucket, R. I. and is a fine looking prospect.

BUTLER WINS 6 TO 4
(Special To The News)

BUTLER, June 18.—The Butler Tigers made it two straight over the New Castle Nats and ran their streak to five straight, as they scored a 6-4 victory here Friday. Manager Billy Mongiello was injured as he crashed into Bob Odenheimer at the plate in the seventh and had to retire from the game.

Amedeo Decruydt was rushed to the mound in the seventh when southpaw Dick Gilkerson faltered.

Indians-Phils Hottest Teams In Big Leagues

Indians Scalp Yanks 10 To 4, Phils Beat Cards And Close Gap, Pirates Win

By LES KONKLIN

(International News Service Sports Writer)

NEW YORK, June 18.—The Cleveland Indians and the Philadelphia Phillies were the hottest teams in the major leagues today, each boasting six straight wins.

Cleveland is rapidly closing in on the American league leaders while the embattled Phils, winning for Waikuk's, are in a virtual tie with the St. Louis Cardinals in the National only two games off the pace.

Brooklyn, the league leader, also gained on the cards by nailing out the Chicago Cubs, 2 to 1, on Don Newcombe's six-hit pitching.

The Cubs have lost six straight.

Robt Roberts of the Phils held the Cards to five hits in a night game, and blanked them 8 to 0.

Pirates Top Giants

Pittsburgh, even with Ralph Kiner hospitalized for a few days with a severe cold, defeated the New York Giants 6 to 4 under the arc lights behind Tiny Bonham's seven-hit pitching.

Cincinnati snapped a seven-game losing streak by drubbing the Boston Braves, 7 to 2, thanks to the hitting of Walker Cooper, Harry Walker and Peanuts Lowrey, three players just obtained in trades.

Indians Trounce Yanks

In the American league, the lead of the pace-setting New York Yankees over Detroit was cut to four games when they were trounced by Cleveland, 10 to 4.

The Tigers and Washington were rained out.

Philadelphia's Athletics advanced to within half a game of the second-place Tigers by shading the St. Louis Browns in a night game, 6 to 5.

Boston's Vern Stephens had a field day as the Red Sox took both ends of an afternoon-night twin bill from the Chicago White Sox, 4 to 3 and 10 to 8.

North County Loop Meeting Postponed

The scheduled North County league meeting at New Wilmington tonight has been postponed until Monday night at 9 o'clock in the fire house. All ten teams should have representatives present at the meeting to discuss the second half that starts Monday.

Maintain First Place In County League; Hairhogger Is Winning Twirler

Wampum hosted Lowellville in a County League contest last night but didn't lay out the welcome mat at home plate until the Victory Clubbers had a nine-run lead. The final score favored Wampum 12 to 2.

"Grandpa" Hairhogger went to the hill for Wampum and gave up only six hits. He shut out the Ohioans for the first four innings but was nicked for single runs in the fifth and sixth.

Buster Hairhogger, Marshall and McCreedy led Wampum's 9-hit attack, each getting two safeties. One of Hairhogger's blows was good for three bases. Palgallo and Kaminsky tripled for Lowellville.
